Re: **Notice of Minor Title V Permit Modification**  
**District Facility # N-2253**  
**Project # N-1112286**

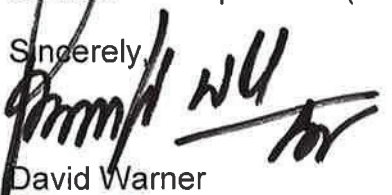

Dear Mr. Rios:

Enclosed for you to review is an application for minor Title V permit modification for the facility identified above. Ball Metal Food Container Corporation is proposing a Title V minor permit modification to incorporate the recently issued Authorities to Construct N-2253-15-9, '-16-9, and '-17-9 into the Title V operating permit. The applicant is proposing to modify three curing oven permits to lower the NOx and CO emission limits for District Rule 4309 compliance, to add Rule 4309 testing and monitoring requirements, and to correct the curing oven heat input ratings.

Enclosed is the engineering evaluation with the following attachments: proposed modified Title V permit, recently issued Authorities to Construct N-2253-15-9, '-16-9, and '-17-9, emission increases, application, and previous Title V permit. Please submit your written comments on this project within the 45-day comment period that begins on the date you receive this letter.

Thank you for your cooperation in this matter. If you have any questions, please contact Mr. Rupi Gill at (209) 557-6400.

Sincerely,

  
David Warner  
Director of Permit Services
